Empowering Men & Empowering Women for an Empowered Society

Conducted by Award winning Faculty:

Capt. A. Achuthan, Capt. A. P. Singh & Adv. Lancy D'souza

Through our program we are addressing the misconception that empowered women mean, disempowered men. That's a myth. Empowering one empowers all. Empowered women, on the contrary, empower men, children, families and ultimately the entire society.

Women's socio-economic empowerment; it's not a women's issue, it's a societal issue & men have to gracefully accept this reality, converge and rise to the occasion!
